FROM JAPAN.

SAN FRANCISCO, November 19.—Official advices from Yokohama, Oct. 23th, confirm the report of the opening of the Japanese inland sea by the allied fleet. The engagement was brief, the allies losing 12 killed, and 54 wounded. The Japanese lost from 200 to 300 killed and wounded. The steamer *King*, chartered by Minister Pruyn to accompany the fleet, representing the United States, did good execution with her 33 pound parrot gun. She was afterwards sold to the Japanese government for \$180,000. The indemnity to the Americans is expected to reach \$200,000.

The commissioners of the allies were to meet the Japanese officials at Kanagawa, Oct. 19th, to adjust the amount of indemnity to various nations. The allies are to be dismantled and a portion of the fleet will remain to see that the Japanese keeps his promise.

It is believed that the general government will henceforth be able to keep the unruly nobles in check.

Rebel Arsenal at Charleston Burned!

FROM SHERMAN'S DEPARTMENT.

New York, November 19.—The Commercial's Washington special says Sherman has been making the rebels believe he is going to Mobile. There are indications that he has gone to Millidgeville at the junction of the railroad leading from Augusta towards Savannah.

CHATTANOOGA, Nov. 19.—The rebels attacked our forces at Strawberry Plains, 18 miles above Knoxville, in force early yesterday morning at daylight. The fight continued at intervals all day. Our forces held their own and repulsed the enemy in every attack.

New York, Nov. 20.—An Atlanta letter of the 10th to the Herald mentions the arrival of an escaped Union prisoner from Andersonville who confirms the statements of the rebel atrocities towards prisoners, who also states that in traveling through Georgia he found the harvests had been gathered, barns and warehouses were filled and but very few rebel soldiers were in the interior. This shows that there is plenty of subsistence for the army, while but little resistance can be offered.

The last train from Atlanta bound north was to leave Atlanta on the 11th. The only troops in Atlanta on the 10th were Slocum's corps.

A Chattanooga correspondent of the Herald dated 15th states he had just arrived from Atlanta. All the arsenals, foundries and rolling stock in Atlanta had been destroyed besides all the factories, mills and foundries from Chattanooga to Atlanta and several miles beyond.

The railroads are gutted, torn up and all the iron put beyond the use of the rebels or brought to the rear. Atlanta is no more of military importance and the country for miles around it is wasted beyond a possibility of service to the rebel army.

Atlanta is in ruins and its streets will soon be overgrown with grass. For weeks trains coming north have been filled with government stores and refugees, and the scenes at the depot have been those of confusion and suffering.

Another account says Sheridan had his headquarters on Monday last at Langston with the 14th corps. He had issued an order telling the troops they were about to pass through a country heretofore unoccupied by either armies and they were expected to subsist on the country, taking all horses and mules within their reach.

The 14th corps was the rear guard of Sherman's army and moved on Monday last.

BUFFALO, Nov. 20.—Brig. Gen. Barry, Chief of artillery of Maj. Gen. Sherman's army, arrived here yesterday seriously ill from an attack of erysipelas. He left Gen. Sherman at nine o'clock on the morning of the 12th at Kingston, Ga. Gen. Barry says that Gen. Sherman has every infantry, cavalry and artillery soldier that he wants. The men have all received eight months pay. Their outfit has been especially adapted to a hard and rapid winter campaign, and the morale of the troops is unequalled. The genius and vigor of Sherman will carry the army triumphant through the work it has to do.

Hood's force was in the vicinity of Tusculum and Florence, watched by a body of troops under command of Maj. Gen. Geo. N. Thomas, of such strength as will render the invasion of Tennessee an impossibility and even the withdrawal of Hood for service elsewhere an operation of extreme delicacy.

CINCINNATI, Nov. 21.—The Gazette's Nashville dispatch says military affairs are unchanged, comparative quiet reigns, the rain continues and the roads are bad. Hood and Beauregard are still in the vicinity of Florence.

Nine hundred rebel prisoners arrived at Nashville Saturday morning from Atlanta. Thinking the place evacuated they rushed in to pillage and plunder, and were captured. Rebel sympathizers at Nashville are alarmed and disconcerted in consequence of the anticipated results of Sherman's movements.

Accessions to the army are arriving daily.

LOUISVILLE, Nov. 21.—Gen. Gillem is safe at Knoxville with his command. His loss in killed, wounded and missing will not exceed four hundred men.

New York, Nov. 21.—The Times Washington special says that Sherman will touch at Macon. He has the 14th, 20th, 15th, 16th and 17th corps, making over 50,000 men, besides 9,000 picked cavalry, under Kilpatrick, with rations for 30 days for man and beast. His scout system and courier line is complete. After arriving at Macon, probably he will go to Millidgeville, where he will divide his army, sending one part to Savannah and part to Augusta, which he will fortify, and receive supplies up the Savannah river, so as to move on Columbia or Charleston. This programme will destroy the railroad system of Georgia, and also all the manufacturing for shot, &c. It is impossible for Beauregard to intercept Sherman.

FROM WASHINGTON.

New York, Nov. 19.—The Post's Washington special says the peace rumors have no other foundation than the President's having complimented Butler in his New York speech. The stories of sending

peace commissioners to Richmond are without foundation. A proclamation, however, may be issued in a few weeks.

There is no truth in the report that Mr. Fessenden has been selling gold to bring down the premium. To those who know what is going on, at this moment, in the prosecution of the war, it is not surprising that gold trembles. Instead of the campaign being ended, there has not been a fine for six months when the confederacy was in so much danger at different points as now.

PHILADELPHIA, November 19.—The Bulletin published a special dispatch from Washington to the following effect:

The National Intelligencer understands that President Lincoln is about sending peace commissioners to Richmond, offering a basis upon which the rebels can return to the Union.

WASHINGTON, Nov. 19.—Rear Admiral Stirling has communicated to the navy department the particulars of the destruction of a valuable rebel fishery on Marsh Lake north of the Choptank river, Florida, by an expedition from the steamer *Stripes* and *Stripes*, Oct. 19th. The fishery which was a large and valuable one to the confederacy was entirely destroyed and sixteen prisoners captured without any loss on our side.The following captures are reported to the department: The English schooner *Yery*, with an assorted cargo, by the U. S. schooner *Sea Bird*. The crew all escaped to the shore in a small boat with the exception of one man who was too drunk to move or say anything. She was from Bahia and cleared for Matamoros.Acting U. S. Lt. Schmidt commanding the U. S. steamer *Itasca* reports the capture of another schooner on the 24th of Oct. The crew also escaped to the shore in a small boat. He is sending the schooner but the flames were extinguished by a boat crew from the *Itasca*.A small schooner, no name, was captured Oct. 24th by the U. S. sloop *Rosalee*.

All the captured vessels are now attached to the East Gulf blockading squadron.

WASHINGTON, Nov. 19.—The dispatch published by the Philadelphia Bulletin, as a special from Washington, purporting to be taken from the Washington Intelligencer, has no foundation. What the Intelligencer does say in regard to the matter, is as follows: We are under the impression that thus far no such proposition has been seriously contemplated by the President.

New York, Nov. 21.—The Tribune's Washington special says Seward and Welles are at variance again concerning the capture of the *Itasca*. Secretary Stanton is again seriously indisposed.

There was a rumor current on Saturday at City Point that Petersburg was being evacuated.

FROM THE SOUTH.

New York, Nov. 20.—The Key West correspondence of the Herald, dated the 12th, states that a rebel steamer with 400 bales of cotton is blockaded up the Swanee river and another up Crystal river.

The Freeman's Journal has been excluded from Key West and that department by Gen. Newton. Rebel papers state that an immense fleet of transports has arrived in Mobile Bay.

The reported capture of Morganza by Buckner, is again asserted by the rebels, but dates of the 7th inst., two weeks after the reported capture was received in New York, make no mention of it.

Many Union prisoners have been sent to Camp Lawton, near Savannah.

The rebel arsenal at Charleston, was burned on the 13th inst.

PHILADELPHIA, Nov. 21.—The Enquirer of this city has the following special report taken from the Richmond papers of Friday.

The Augusta Chronicle says: Scouts who left Jonesboro on Wednesday morning, report that Gen. Howell Cobb with from six to eight thousand militia, and three brigades of cavalry, attacked the enemy and was steadily driving them in.

FROM MISSOURI.

St. Louis, November 19.—A dispatch from General Curtis, dated Headquarters Army of the Border, Camp Arkansas, November 8th, says: "We have just concluded the pursuit of Price, whose rear guard crossed the Arkansas river, and the fire of our guns. He left another of his guns and his baggage, which, with other arms and equipments have fallen into our hands."

"We are now rid of twenty thousand or thirty thousand halfstarved bushwhackers and vagabonds, who I hope may never return to disturb the peaceful inhabitants north of the Arkansas river. He is also beyond our posts at Fayetteville, Fort Smith and Fort Gibson, which are now safe."

The 1st division of the 10th Army Corps, under General McArthur, arrived here on Wednesday last, the pursuit of Price. The troops will be re-equipped and equipped, preparatory to another movement against the enemy. The 3d division of the same corps, arrived yesterday and went into camp to await further orders. These troops constitute General A. J. Smith's command and will speedily be put in complete order for an active campaign, either up the Tennessee river or down the Mississippi, as exigencies may require.

FROM CALIFORNIA.

San Francisco, Nov. 19.—Advices from the Mexican coast represent that the people are divided and the Empire gaining ground. Guerrero will soon be occupied by the French.

The Governor has issued a proclamation calling for another regiment of California volunteers, in accordance with a requisition from the War Department; to be used to garrison the defenses.

Recruiting in San Francisco to fill up old regiments, goes on briskly.

FROM GRANT'S ARMY.

WASHINGTON, November 19.—Reports from City Point state that active operations may be expected at any time.

Gen. Burnside has taken command of the 9th corps.

The Enquirer has also the following:

It is reported from Butler's headquarters, on the 8th, that the rebels captured and put to death the negroes the James and the Appomattox, numbering fifty men. The news from City Point reports the retaking of the picket line by Butler.

FROM NEW YORK.

New York, Nov. 19.—The examinations in the case of the forgers is concluded, and they have all been committed without bail.

State News.
The Green Bay Advocate says that it has been publishing for a few weeks past a dozen or more notices to rebel owners of lands in this and adjoining counties to show cause why the same should not be seized by the government under the confiscation act. Among the parties against whom suits are brought, we notice the name of Wm. Hampton, commander of the celebrated "Hampton Legion."
The Milwaukee Sentinel says there is a sign on Michigan street, announcing "Mrs. the Celebrated Female Doctress." Now, of all doctresses, we say there is no doctress like a female doctress—especially if she or she be a woman of the feminine gender. Male doctresses don't go with us any more. We know not what others may take, but as for us, give us a female doctress or give us death.—The Oconto Lumberman says that during the week ending for loading vessels at the mouth of the river have been \$1.25 per hour, and hands are scarce at that price. This is the highest price ever paid. The Oshkosh Northwestern says it hears every day inquiries for houses to rent, and everybody makes the same reply—that they don't know of any. Every tenement in which people can live is occupied, and the supply is far short of the demand.—The Waupun Times says the number of convicts is rapidly decreasing by the expiration of time, and there is being no convicts brought up to make good the decrease. There are now 115 convicts; 101 males, and fourteen females.
The stone work on the soap factory is nearly completed; work, however, has been suspended on it until the weather shall be more favorable.
One of the convicts having confessed his faith in Christ, was baptised on last Lord's day.—The Whitewater Register says the discussion between Rev. Urish Clark and Mr. S. P. Leland, respecting the truth or falsity of Spiritualism, which was held at Metropolitan Hall for five or six evenings, closed on Tuesday evening. We have been unable to see any advantage gained by either party over the other, and Spiritualism remains as much in the dark as before.

Wisconsin Troops in Kansas.
It will interest our Wisconsin readers to know that private advices from Ft. Scott state that the Third Wisconsin Cavalry behaved admirably in bravely fortifying their post against Price and his legions, and in hotly pursuing him when he refused to give them battle. They worked constantly five days and nights fortifying so as to hold the fort and save the immense supplies there, as they numbered but 1,500 all told; and so well did they perform this part of the work, that Price declined to attack them, though having more than ten times their number. When his army had passed, they mounted their horses and joined in the pursuit which compelled him to surrender so much of his ill-gotten plunder. Still we do not see much mention made of them in the political papers, probably for the reason that jealous and hungry Kansas politicians take good care to prevent valorous deeds reaching the public ear, unless they are performed by Kansas men. The Third Wisconsin Cavalry has nearly finished a period of service, and is being sent on a long term of most arduous duty to an honorable conclusion. Some one even among the politicians should be ready to do them justice. Price's total loss in the campaign was 6,700.—*Wall's Com. Express.*

Sorghum Flour.—A Georgia paper talks of a sample of sorghum flour its editor has seen, which those who have tried it pronounce to be an admirable substitute for buckwheat. And it is asserted that it makes excellent cake, and is likely to come into very general use as a substitute for wheat flour by bakers. "Five million bushels of sorghum seed," it says, "has been raised in Georgia in the present season. As a substitute for coffee, or parched grain or vegetable ordinarily used as substitutes is at all equal to sorghum seed. And what is still more valuable to know, in the present scarcity of sugar, a small quantity of the syrup boiled with ground seed makes the coffee substitute very pleasant and palatable."

Prescriptions for the Cure (?) on Dogs addressed to KILLING SHEEP.—Take of beefsteak, sixteen ounces; strychnia, four scruples.
Directions.—Divide the beefsteak, or "fit bit," into sixteen pieces; take a sharp knife and make a small incision into each one of them; into the orifice thus made, insert one sixteenth of the above quantity of strychnia, (which will amount to five grains,) drop a few of these medicated "fit bits" on the outside of the sheep pen as near the tracks of the "Bow-wow" as possible. A dog with five grains of strychnia in his stomach was never known to meddle with mutton, or even dig out the slumbers of any one by virtue of dog melody.

Execution at Lexington.—Captain McGee, a notorious guerrilla, and Walter Ferguson, a rebel spy, were hung at Lexington, Ky., Nov. 9. McGee confessed that he had killed and robbed every person he had met for some time. He also confessed that he was hired to come to Lexington and assassinate Colonel Clark. Ferguson protested his innocence to the last. He was caught with Jesse's gang, and was also in the gang that stopped the care the day Montgomery Blair was on them. McGee died like a cowardly murderer. Ferguson was bold and composed. Ferguson was formerly a resident of this city. McGee is from Owsley county.—*Cincinnati Gazette.*

CALIFORNIA—OREGON—NEVADA.—There is no discount on the reported Union victory in the Pacific States. San Francisco polled 21,000 votes and gave Lincoln over 5,000 majority. Returns from twenty-five counties swell that majority to 18,206. Full returns will increase it to 20,000. California also elected the three Union candidates for Congress.
Oregon has gone for Lincoln by from 1,500 to 2,000 majority; and Nevada has elected—Union—State Government and Congressmen, and given Lincoln and Johnson 3,000 majority. Thus the West responds to the East.—*Sentinel.*

A Parisian physician relates a curious case of poisoning by tobacco. A man had wrapped tobacco leaves all round his body on the naked skin, in order to smother it across the front; but the perspiration caused by walking in hot weather gave rise to an absorption of the active principles of tobacco through the skin, which led to his death.
